2. The administrative plan for this Project, which is now being prepared, could not have been prepared prior to 5 November as the necessary information was not available to CIA to enable preparation and submission for approval of same.

3. Funds in excess of the amount stated below will not be advanced prior to the approval of the Project Administrative Plan.

4. Inasmuch as the funding of this Project can no longer be accomplished by the [REDACTED] Station and any delay beyond 13 November would present a serious hazard to the successful continuation of the Project, it is requested that Reference regulation be waived to allow WE Division to give the [REDACTED] \$600.00 (six hundred) so that funding of this Project can be continued without interruption.
